

PRIVACY POLICY

We value the trust you place in us. That's why we insist upon the highest standards for secure transactions and applicant information privacy. Please read the following statement to learn about our information gathering and dissemination practices.

Note: Our privacy policy is subject to change at any time without notice. To make sure you are aware of any changes, please review this policy periodically.

We do not automatically gather any personal information from you, such as your name, phone number, or e-mail address. This information is obtained only if you supply it voluntarily, usually through contacting us via e-mail or by providing it on an online form. Coresonant Systems Pvt Ltd does not sell or otherwise distribute any information collected to third parties.

When you submit a question or comment, you may be asked for your name, e-mail address, or other information. This personal information is used to process and respond to your question or comment and is only disclosed to those who need it to answer your question, to the person that your inquiry relates to or to parties legislatively authorized to receive the information. If you complete an online form and submit it to us through our web site, we use that information for the purposes described on the form. Personal information collected from an online form will be treated in accordance with the privacy protection provisions.

Information Collected and Stored Automatically

When you visit Coresonant's web site, our web server automatically collects a limited amount of standard information essential to the operation, security and evaluation of the web site. This information includes:

- IP address from which you access the web site
- Type and version of browser used to access our site
- Date and Time you access our site
